I'm calling upon your attention
Now is the time, we're talking serious redemption
Come follow me
Red light wasn't warning when I first saw her body
move
I wasn't sure it was a jet stall.

I'm free like a flying demon, no more of them filthy lies
Just free like a flying demon, this is the day of my life

I thought I had it all, now I am down and low
Memories on the wall, I have to let it go...

Why can't you see into the future?
You're going to get hurt by someone who won't suit you
they call it you destiny
But I am pretty sure now
That one who is lonely can't get hurt
She is getting stronger

I thought I had it all, now I am down and low
Memories on the wall, I have to let it go...

Someday it might just work but this ain't the time
This grounded flight is taking off, I leave you behind

I'm free like.....a demon....no more of them filthy lies
just free like.....a demon....this is the day of my life
