My mind keeps drifting back  
To things we said this morning  
Now i'm sitting here alone  
Watching the world pass me by  
Every time we part i fell like i'm falling  
No matter what you think  
I still love you

You will always be a part of me  
No matter what we do  
You will always hold a piece of me  
Wherever i may go  
Always....

The sky gets darker  
And i sense that you are far and away  
I miss the times we had when things were going our  
way  
But every time we part you know how much it hurts me  
No matter what you think  
I still love you.

You will always be a part of me  
No matter what we do  
You will always hold a piece of me  
Wherever i may go  
Always....
