### "You Will Always Be Apart Of Me"

My mind keeps drifting back  
To things we said this morning  
Now I'm sitting here alone  
Watching the world pass me by  
Every time we part I feel like I'm falling  
No matter what you think  
I still love you  
You will always be a part of me  
No matter what we do  
You will always hold a piece of me  
Wherever I may go  
Always...  
The sky gets darker  
And I sense that you are far and away  
I miss the times we had when things were going our  
way  
But every time we part you know how much it hurts me  
No matter what you think  
I still love you.
