Waiting by the window  
Looking like you're never been kissed  
That used to be you  
Ponytail and braces  
Kind of girl you easily miss  
That used to be you  
But then tonight I saw you and couldn't believe my eyes

Look at you now  
You're like the 4th of July  
Look at you now  
You're the stars at night  
Just like Cinderella you've been lost and found  
Little girl just look at you now

Walking like an angel looking like my longing come true  
I saw you tonight  
Tell me where you came from  
Where's the girl I thought I that I knew  
She's somewhere inside  
But then tonight I saw you and couldn't believe my eyes

Look at you now  
You're like the 4th of July  
Look at you now  
You're the stars at night  
Just like Cinderella you've been lost and found  
Little girl just look at you now

Take a look at her face  
Take a look at her smile  
Just one look in those big blue eyes  
And kiss your heart goodbye

Look at you now  
You're like the 4th of July  
Look at you now  
You're the stars at night  
Just like Cinderella you've been lost and found  
Little girl just look at you now

Look at you now  
You're like the 4th of July  
Look at you now  
You're the stars at night  
Just like Cinderella you've been lost and found  
Little girl just look at you now

All the time a saw you, never really saw you at all
