Yeah, I know I've been busy  
It's been a while since we spoke  
I might come off a bit flaky  
But there are things that you should know

So I can't always be there when you want me  
No I've got other responsibilities  
I know I haven't been there and I can't be baby

But I will always be  
One call away  
As soon as you appear  
On my display  
And no matter the time it's all okey

(I'm) just one call away

I know, you know that I'm with one  
You know I've got someone else  
But that don't mean I won't come' round  
Yeah if you don't, I won't tell

But I won't always be there when you want me  
No I've got other responsibilities  
I know I haven't been there and I can't be baby

But I will always be  
One call away  
As soon as you appear  
On my display  
And no matter the time  
It's all okey

(I'm) just one call away

(Stick)  
I'm not here to stay  
Don't wanna lie  
And if it's okey  
Just a little while  
But remember, hey

You can't always dial  
Me up...

But I will always be  
One call away  
As soon as you appear  
On my display  
And no matter the time  
It's all okey

But I will always be  
One call away  
As soon as you appear  
On my display  
And no matter the time  
It's all okey

(I'm) just one call away
