Tinsel town memories
Touches like a summer breeze
Every time I think of her, I come alive
Technicolor dÃ©jÃ vu
Eyes of love pacific blue
Every time she looks at me, I come alive
And I must admit I never felt like this
I surrender, taken over, by her kiss

She's got sunset in her eyes
The look of paradise
She's my California, she's my California
Oh she smiles and everywhere

People stop and stare
She's my California, she's my California
She's the one the only one
My angel in the sun
My California

Bless this life, bless my soul
She's got my heart on cruise control
Reeling as we're rolling down, Mulholland drive
I've been wishing, I've been praying too
Guess my call for love came finally through
And I who was so close to, giving up
And now I must admit
I never felt like this
I surrender, taken over, by her kiss

She's got sunset in her eyes
The look of paradise
She's my California, she's my California
Oh she smiles and everywhere

People stop and stare
She's my California, she's my California
She's the one the only one
My angel in the sun
My California

From the hills to the valleys
Through the heart of Disneyland
Till I found her She's got sunset in her eyes
The look of paradise
She's my California, she's my California

Oh she smiles and everywhere
People stop and stare
She's my California, she's my California

She's got sunset in her eyes
The look of paradise
She's my California, she's my California
She's the one the only one
My angel in the sun
My California
