After the blood, after the tears have fallen down like rain
A loaded gun shot through the years and heaven was to blame

I'll take on all your shattered dreams

I'd give you almost anything

A chance to rise above the fog

I swear these words are true, I believe in you

I'll never Let You Down

I promise right here, right now

I won't Let You Down

I'll never Let You Down

Our faith will silence the doubt

I won't Let You Down

The Serpent's touch has made it clear that evil's on it's way

This desert land of broken mirrors, we live another day

I'll become all your blasphemy, a war that's fought with tragedy

The scars we left along these walls

I swear these words are true, I believe in you

I'll never Let You Down

I promise right here, right now

I won't Let You Down

I'll never Let You Down

Our faith will silence the doubt

I won't Let You Down

In the dead of night we'll rise as one for the fight

The sun ignites the spirit back to our lives

I won't ever Let You Down

I won't ever Let You Down

I'll never Let You Down

I promise right here, right now

I won't Let You Down

I'll never Let You Down

Our faith will silence the doubt
I won't Let You Down
