Here in the echoes madness grows *
The years of my sinning teach to show a heartless
feeling of pain and regret
These wounds were open like lines in the sand *
The world is sleeping but they still have hope so...*
I pray for the mourning, I swear I'll never let you die *
These saints within us can bring this moment back to
life *
And my hearts held high, with this battle cry, I'll march
on *
On the horizon we will... *
Resurrect the sun *
For the darkness has broken our homes *
All that we wished for, like fools on a rope *
I can feel it, the desperate control *
A burning passion when love takes its toll *
Yet souls have a reason and I won't let go *
I pray for the mourning, I swear I'll never let you die *
These saints within us can bring this moment back to
life *
And my hearts held high, with this battle cry, I'll march
on *
On the horizon we will... *
Resurrect the sun *
