Tear down the cross
Splinters and shards, remember
This trojan horse
Woe to the land we enter

We'll burn away
And free our fallen brothers
From shadow's reign
Lost here and bought on soldiers

Yeah!

Let shadows die
So I can feel alive
The church of lies
Can't tell me what is right

All of your victories and dies what you won
Let shadows die
So I can feel alive
Feel alive

I feel alive, yeah

In fearing fame
The kingdom's lion freedom
The days and nights
We live this war of wisdom

The streets are stained
With blood that ran their kingdom
And feed the beast
Then lies beneath our treason

Let shadows die
So I can feel alive
The church of lies
Can't tell me what is right

All of your victories and dies what you won
Let shadows die
So I can feel alive

Feel alive

F.E.A.R!

Will round up these rebels!

These deviants!

These so-called "Wild Ones"!

We will litter the streets with their bones!

And annihilate the dangerous!

And the two-side deals poisoning your children!

Endangering your freedom!

Giving rise to the destruction!

And the benevolent future we have prepared for you!

You belong to the shadows!

The shadows are where you will remain safe!

Do not disobey!

Let shadows die

So I can feel alive

The church of lies

Can't tell me what is right

All of your victories and dies what you won

Let shadows die

So I can feel alive

Feel alive

(I feel alive)
