Let's Go!

As i wrote this prayer for you
Wishing i believe in something more
This grave is dug for you is sinking

Like each lit cigarette we burn
Our best when no one is around
But it's not my vanity
You're missing

Black roses await
Well it pains to say

Take me away
(Well, it pains to say)
Hold on to me
(Never let go)

Take me away
(Well, it pains to say)
Hold on to me
(Never let go)

Well i've got my skeletons with skin
I hide them deep within my seams
But this line of it has left me...Empty

Well I've got my sympathy it's played
Along on post traumatic scenes
But it's not my vanity
You're missing

Black roses await
Well it pains to say

Take me away
(Well, it pains to say)
Hold on to me
(Never let go)

Take me away
(Well, it pains to say)
Hold on to me
(Never let go)

Black roses await
Well it pains to say...yeah

Black roses await
It pains to say

Take me away
(Well, it pains to say)
Hold on to me
(Never let go)

Take me away
(Well, it pains to say)
Hold on to me
(Never let go)
