You kissed the lips of evil  
Two months it's all the same  
I begged for this man's approval  
Like all the rest you'll die in vain  
Sit down this won't take long now  
Right off my chest these lyrics came  
Your words they eat right through me  
Heartbreaks your favorite pain

The tears we've cried  
This love has died  
Your by yourself here tonight  
It's what we hide  
With every lie  
Your by yourself (HERE TONIGHT)

I think of it any time I touch you  
Every time I hear his name  
I'll never let my fucking walls down  
For all of this you are to blame  
Sit down we're not alone now  
Right off my chest these lyrics came  
Your words they eat right through me  
Heartbreaks your favorite pain

The tears we've cried  
This love has died  
Your by yourself here tonight  
It's what we hide

With every lie  
Your by yourself (HERE TONIGHT)

The tears we cry  
This love has died  
Your by yourself  
Here tonight  
It's what we hide  
With every lie  
Your by yourself (HERE TONIGHT)

We stitch these wounds.

We stitch these wounds.  
We stitch these wounds.  
We stitch these wounds.  
We stitch these wounds.

The tears we've cried  
This love has died  
Your by yourself  
Here tonight  
It's what we hide  
With every lie  
Your by yourself (HERE TONIGHT)

The tears we've cried  
This love has died  
Your by yourself  
Here tonight  
It's what we hide  
With every lie  
Your by yourself (HERE TONIGHT)
