All right, come on

Sing it one time

Yeah, yeah, yeah...

Walked in this place

Surprised to see

A big girl getting busy

Just rocking to the go-go beat

The way she shook her booty

Surely looked good to me

I said, come here, big girl

Won't you rock my world

Show that dance to me

(CHORUS)

She was doing the butt

Hey, pretty, pretty

When you get that notion

Put your backfield in motion, honey

Doing the butt

Hey, sexy, sexy

Ain't nothing wrong if you

Wanna do the butt all night long

Yeah, yeah, yeah...

What you gonna do about it

Yeah, yeah, yeah...

Shake it

I took that girl out on the floor

She rocked me from the backside

We did the butt til it made me sore

Now, it's a physical thing

But not hard to do

You just shake, shake, shake

Shake, shake, shake. shake

Doing the butt all night through, come on

(CHORUS)

That's right, shake your butt

Come on, gimme that butt

Gimme that butt

Tanya got a big ole butt (oh, yeah)

Shirley got a big ole butt (oh, yeah)

That big ole, big ole butt. ow
