Too shy to  
To follow through  
But it is true  
Yes, I do love you  
You say no  
But I won't go  
'Cause all I know  
Is you and I are meant to be  
You and I are meant to be

Too proud to  
Give in to  
All the love  
That I wanna lay on you  
So called no  
Say it ain't so  
'Cause all I know  
Is that you and I are meant to be  
You and I are meant to be

Feels so right  
Feels so right  
It feels so right

Too lost to  
Realize who  
Well here's one clue  
I'm standing right in front of you  
Don't say no  
'Cause I can't go  
Well all I know  
Is that you and I are meant to be  
You and I are meant to be

Feels so right  
Feels so right  
It feels so right

Too shy  
Too proud  
To speak

Too loud  
Too high  
Too low  
Too weak  
To know  
Too much  
To give  
To want  
To live  
Too much  
To give  
To want  
To feel  
Alright

You say no  
I still won't go  
'Cause all I know is that  
You and I are meant to be  
You and I are meant to be

Feels so right  
It feels so right  
It feels so right

Too shy  
Too proud  
To speak  
Too loud  
Too high  
Too low  
Too weak  
To know  
Too much  
To give  
To want  
To live  
Too much  
To give  
To want  
To feel  
Alright

Feels so right  
It feels so right  
It feels so right
