The doors are closed and walls are white
Someone calls but I don't wanna talk tonight
Stay away, you all wanna stay away
I'm going to be all right, all right

Within the arms of slumber
Gonna leave it all behind
Comatose gone under
Like all the other times

With pride and disdain, I'm, ignore this pain
When someone falls, you're supposed to get up again
I try to oblige but I, I can't tonight
I'm going to be all right, all right

Within the arms of slumber
I'm leaving it all behind
Comatose gone
Like all the other times

Comfort of my dreams
I resign myself to you
Dream as I might
Oh, I'm sleeping when I'm blue

Such a pleasure when I feel myself go under
Stay away, stay away
While I'm in the arms of slumber
And I'm leaving it all behind

I'm gonna leave it all behind

The magic of sweet Morpheus, you're doing it once
again
You saved me from my sadness, you saved me from
my pain
Protect me from depression, protect me one more
night
And I'll be all right, all right

Within the arms of slumber
I'm leaving it all behind

Comatose gone
Like all the other times, yeah

Comfort of my dreams
I resign myself to you
Dream as I might
Oh, I'm sleeping when I'm blue

Such a pleasure when I feel myself go under
Stay away, stay away
While I'm in the arms of slumber

Comfort of my dreams
I resign myself to you
Dream as I might
Well, I'm sleeping when I'm blue

Such a pleasure when I feel myself go under
So stay away, stay away
While I'm in the arms of slumber

And I'm leaving it all behind

Stay away, you all wanna stay away
Stay away, you all wanna stay away
Stay away, you all wanna stay away
Stay away, you all wanna, stay away
