Together we will live  
Together we'll die  
Together we will live  
Together we'll die

The madness is fragile and fragile is she  
In chaos she's agile and madness is me  
We knew from the beginning it wasn't alright  
Like being in a padded room for more than one night

We gonna have judgment escaped me I speak for us  
both  
Like the bond that we made we call it an oath  
Yeah I'm gonna tell you now

Together we will live  
Together we'll die, oh yeah  
Together we will live  
Together we'll die

Filled with the confidence of nothing to loose, yeah  
Armed with an axe and a whole lot of booze  
Plans were made down to each detail  
With a plan like that how could we fail

We packed all our gear in the trunk of my brother's  
car  
'Cause time is running out says the clock on the wall  
Now judgment escaped me I speak for us both  
Like the bond that we made we call it an oath  
We like this

Together we will live  
Together we'll die, oh yeah  
Together we will live  
Together we'll die

Together we will live  
Together we'll die, oh oh  
Together we will live  
Together we'll die, [Incomprehensible]

Yeah now, now madness is fragile and fragile is she  
In chaos she's agile and madness is me  
Now she had the key to keeping me insane  
But now I'm gone and she's got to be tamed

As I am telling you, as it is true  
I'm on my way to bury you  
Gonna put you down under  
Gotta put you down under  
I gotta put you back under  
[Incomprehensible] under

Together we'll die  
Together we'll die  
Together we'll die  
Together we'll die
