I've tried so hard to remember  
What it is that I forgot  
But I can, but I can believe  
will you now

I've tried, I've tried, I've tried  
Cried and kissed goodbye  
To something that we both know  
Boy you blow my mind

I don't know how I'm going to  
Show you what I feel for you  
All I know, all I know is I  
Want to be with you

Have you ever tried to be  
Have you ever tried to see  
Something but you don't really know what it is  
Lord but we got to try

And I look at you  
And I hear your voice  
And I try to remember, I try to remember  
So don't you look at me with worried eyes  
'Cause you know we got to try girl

All I know, all I know is I  
Want to be with you  
All I know, all I know is I  
Want to be with you  
All I know, all I know is I  
Want to be with you

Here I am and I believe  
Yes I do what I do, what I do for you

I look at you  
I hear your voice  
I try to remember, I try to remember  
So don't you look at me with worried eyes  
'Cause you know we got to try girl

All I know, all I know is I  
Want to be with you  
All I know, all I know is I  
Want to be with you  
All I know, all I know is I  
I gotta be with you

I wanna be with you  
I gotta be with you, girl
