"Death Could Be At The Door"

You drown yourself
In yourself, to find yourself
You act like a god behind the face that I give to you
And your body's made of nets
That I'm tangled in
And all I have is
The emptiness of loving you, oh
But let's get drunk and forget ourselves
It's like you said
Death could be at the door
Here we are now
And may God have the time to burn through it all
And if you touch me
And I'll touch you too
You know
I would
I would
And I touch you
I would, oh
That's you and I
After death
And I took you
My sweet
You were 24
Well I was beat 24
I came after you, oh
With my words and my guitar
With everything that I know
I acted like a god
That needs your body
To sing about beauty
But let's get drunk and forget ourselves
It's like you said
Death could be at the door
Here we are now
And may God have the time to burn through it all
And if you touch me
Well I'll touch you too
Oh, you know
I would,
I would
And I touch you

I would, oh
