Is there a part of you in my photograph?
I think there is
Some part of you smiles out at me
I just want my life to be good
I must say you make me constantly aroused
It's the way you're always smiling
And your lips, they're as smooth as oil
And your skin is always shining
My life's so bent for ever
My mouth on your tongue, it goes away
And here I come
There's something in the way you look at me
And the way you're always smiling
And your lips, they're as smooth as oil
And your skin is always shining
My life's so bent for ever
My mouth on your tongue, it goes away
And here I come
So what if I carry
Your photo
Around with me everywhere?
I don't care
It's not such a bad thing to do
And so, I've tried
And I've tried to do
What you told me to do
I've tried, I've tried, I've tried to forget about you
Oh, I've tried, I've tried, I've tried, I've tried-oh oh oh...
