Sweat!

when its hot baby uh
when its hot baby sweat
make it sweat baby
sweat

you see us coming and we'll make you scream
we are the stars of the real teen dream
we'll give you shakes and we'll make you sweat
were really rolling
were solid gold
were the magic boys and we'll make you smile
real hard meals wont you stay awhile baby
we'll come dancing and well make you sweat
were really rolling
were solid gold

sweat!

and when we come yah we sure do shine and when we
get there
yes were right on time
come dancing and well make you sweat
were really rolling oh yes were rolling

were the .. boys and well make you smile
real hard meals wont you stay awhile baby come
dancing and well make you sweat were really rolling
were solid gold

sweat!
