Hard to believe it
It's kind of amazing but it's true
Now that I'm needing
Someone so special
Here comes you
So how am I crazy?
They say that I'm dreaming over you
Someone so special
How could you say this?
Oh, so cruel

So when you saying that you need love
I look at you and kinda smile
It's very hard just to convince you, baby
So maybe this will take awhile

Cause all that I wish for
Is just to be with you, baby
With a little of a squeezin'
And a holdin' you close
Girl, it's driving me crazy

All over love (all over love)
All over love (all over love)
All over love (all over love)
All over love (all over love)

Now that we started
Let's make a relationship at last
Getting to know you
With nothing to owe you
So I ask
Let's keep this real simple
We know the material things won't last
Show me you love me
If anything's different, then I'll pass

So when you say that you need love
I look at you and kinda smile
It's very hard just to convince you, baby
So maybe this will take awhile

Cause all that I wish for
Is just to be with you, baby
With a little of a squeezin'
And a holdin' you close
Girl, it's driving me crazy

All over love (all over love)
All over love (all over love)
All over love (all over love)
All over love (all over love)

Cause all that I wish for
Is just to be with you, baby
With a little of a squeezin'
And a holdin' you close
Girl, it's driving me crazy

All over love (all over love)
All over love (all over love)
All over love (all over love)
All over love (all over love)

Cause all that I wish for
Is just to be with you, baby
With a little of a squeezin'
And a holdin' you close
Girl, it's driving me crazy

All over love
All over love
All over love
All over love
