Had the earth and the sweats
And the sticks and brew
And I knew she was feeling me too
Passed the bone gave the eye
And I knew fo sho, what she wanted to do

Can't stop thinkin' about of my baby girl
And how she done loved me so long
Next thing that I think
But the poison had me gone

Round two went, I was with her friend
Knew I was gonna pay, we were sexin' like every day
She found out, she was like no doubt
Do what you gotta do, I fucked your friend
This afternoon, whoa

My baby's lost
Game at a lack, got my shit off track
Had the bitch trapped, now she gone like that
My baby's lost, ain't no comin' back
She's gone just like that

Like that, just like that
Like that, just like that
Like that, like that, like that

As the days went by had the evil chills
Then went about my devilish ways
Called her up, picked her up, all we did was fuck
As we both was in the days

Being blazed all the time
Never ever helped my mind was always up in the sky
If I could, I would, I'd take it back
'Cuz it hurts so much in side

Round two went, I was with her friend
Knew I was gonna pay, we were sexin' like every day
She found out, she was like no doubt
Do what you gotta do, I fucked your friend
This afternoon, whoa

My baby's lost
Game at a lack, got my shit off track
Had the bitch trapped, now she gone like that
My baby's lost, ain't no comin' back
She's gone just like that

Like that, just like that
Like that, just like that
Like that, just like that
Like that, just like that

My baby's lost
Game at a lack, got my shit off track
Had the bitch trapped, now she gone like that
My baby's lost, ain't no comin' back
She's gone just like that
