"Somethin' Strange"

Visit "[Somethin' Strange](#)" on MotoLyrics.com

Oh yeah, oh yeah, ah ha
I'm seein' somethin' I ain't seen before, yeah, yeah
Somethin', somethin' strange, somethin' strange,
yeah, yeah, yeah
Could it be your actin' like a whore, yeah, yeah
Somethin', somethin' strange, somethin' strange, yeah

When I met you everything seemed right
But the truth is you fucked on the first night
It sank in slow now I know you're a ho
Yo, I shoulda listened when my friends told me so

I thought this would last
But I realized that your just a piece a ass
I know your game chicks are all the same
Your lookin' kinda funny and your actin' kinda strange

I'm seein' somethin' I ain't seen before, yeah, yeah
Somethin', somethin' strange, somethin' strange,
yeah, yeah, yeah
Could it be your actin' like a whore, yeah, yeah
Somethin', somethin' strange, somethin' strange, yeah

I caught you in the club last week
You looked like a freak in the VIP
Sittin' on laps and suckin' on necks
Actin' like a slut 'cause your trippin' on X

I flipped, I was gonna hurt her
Then my boy said, "Chill, call for murder"
I was feelin' nice till my boy told me
He just saw the bitch bounce with Milk Dee

Who me, MC am I?
E I didn't know that was your ho
Thats why, I took her to the bathroom
I had her face in the bowl, with a tight grip hold

Losing control when I hit it, I didn't have a clue
If I knew she was you, I wouldn't of did it
Thats my word, true clue so fuck what you heard
It ain't no beef when it comes to a bird, word

I'm seein' somethin' I ain't seen before, yeah, yeah
Somethin', somethin' strange, somethin' strange,
yeah, yeah, yeah
Could it be your actin' like a whore, yeah, yeah
Somethin', somethin' strange, somethin' strange, yeah

I'm seein' somethin' I ain't seen before, yeah, yeah
Somethin', somethin' strange, somethin' strange,
yeah, yeah, yeah
Could it be your actin' like a whore, yeah, yeah
Somethin', somethin' strange, somethin' strange, yeah

I'm seein' somethin' I ain't seen before, yeah, yeah
Somethin', somethin' strange, somethin' strange,
yeah, yeah, yeah
