You go, (you go, you go...)
Go tell your friends (your friends, your friends...)
Tell them, get off my dick (my dick, my dick...)
Baby G, Tell them, you shit
Go tell, I said suck my dick

You could tell me this and that
Ill tell you funny facts
Your friends are herbs
Dont know what they sayin

Friends frontin front of me
Fuckin wanna bes
In your ear
But they dont no Eamon

Claimin that they seein me
Up in the industry
Actin fool
Thinkin that im playin

Your foolish for my leavin now
Girl im you man
Its me or them
Thats what im sayin

You go, (you go, you go...)
Go tell your friends (your friends, your friends...)
Tell them, get off my dick (my dick, my dick...)
Baby Gee, Tell them, you shit (you shit, you shit...)
Go tell, I said suck my dick (my dick, my dick...)

Bring on over all your friends

In my face
All the stories changin

Ill blow up all their spots
But id rather not
