I can hear music in the air

Somewhere, out there

And I can hear happy voices

Out-a in the air

It makes me want to celebrate

Hm, I feel good inside

And I wanna get outdo's

Yes I do, in the open wide

A big time serenade

It must be a Street Parade

And I wanna Second line

Gonna have a good time, yeah-yea!

I get excited

With every beat of the drum

And make ya wanna get down with it

Have a whole lotta fun

We gonna go dance, dancing

Out in the street

A-come on baby, oh Lord!

Girl, just you and me

A big time serenade

We're going to a Street Parade

And we gonna Second line

We gonna have a good time, time, time

Hit me!

Hit me!

Hit me!

Yeah!
Ooo-wee!

Hit me, Frank!
Ooo! Yeah, you're right!

Clap your hands, people
Let me hear them clap, hm!
And keep on clappin', now
Let me hear them rap, yeah
Ev'rybody, do yo' thing
No promise what tomorrow brings

So shake your tambourines
Like they do down in New Orleans
A big time serenade
We goin' to a Street Parade
And we gonna Second line
We gonna have a good time, time, time

Pick 'em up and put 'em down
Your feets don't stay on the ground
Shake it and a-don't let go
Shake it 'til ya can't no mo'
Ev'rybody move ya hips
Go on a-let ya backbone slip
Give it ev'rything you've got
You've got to move it
While the groove is hot
Everybody's got to live it up!

FADES-
Nobody wanna get angry
Guys, shake it up, now!
Play it now, for me
Play now, right now, right now.
