They say everything can be replaced  
They say every distance is not near  
And I remember every face  
Of every man who put me here

I see my light come shinin'  
From the west down to the east  
Any day now, any day now  
I shall be released

They say every man must need protection  
They say that every man must fall  
And I swear I see my reflection  
Somewhere so high above this wall

I see my light come shinin'  
From the west down to the east  
Any day now, any day now  
I shall be released

Down here next to me in this lonely, lonely crowd  
There's a man who swears he's not to blame  
All day long, I hear him cry so loud  
Calling out that he was framed

I see my light come shinin'  
From the west down to the east  
Any day now, any day now  
I shall be released

Any day now, any day now  
I shall be released
