(intro):

Hey you,

You used to be my lover didn't you?

Let me tell you how I've been

Hey you,

Of all the things you put me through

I don't know where to begin

Ever since the day you left me

My life's been burned and ri-i-ipped

Feels like you've torn out my insides

You've thrown me in this pi-i-it

Chorus:

I did it all for you

But you didn't care

No

I did it all for you

But you didn't care

No, did you?

I tried to feed you sympathy

I tried to feed you gre-e-eed

But I guess my soul wasn't enough

What do you want from me-e-e

Chorus

All my life

You held me down

You wrecked my mind

You broke my crown

All my life

You held me low

Trapped under your...

Undertow

You left me for your girlfriend

You used to be my girl-ir-irl

But now I wish that you were dead

So stay out of my wor-or-orld

Chorus
