I know you're never ever gonna amount  
To anything that people are talking about -  
It's out of your mouth,  
And onto your shoes.

So save your money for a rainy day  
And learn to lie before they take it away -  
Haven't you paid  
Enough of your dues?

What's good enough for them  
Was never good for you.  
And if it is the end,  
I'll be there with you too.

So nevermind about all the pretense.  
Nevermind about the "Nothing makes sense."  
Nothing makes sense.  
Nothing is true.

What's good enough for them  
Was never good for you.  
And if it is the end,  
I'll be there with you too.
