I can't stay forever
And you're too insulting to me, darling
I can't live forever
And be who they want me to be

I, I cannot pretend
I will not surrender these dreams in my head
I, I will not disguise
They cannot cover the stars in my eyes
(Asleep I lie)

Fall, like I do
Will this be the first time for you?
Walk on me, I walk on you
Stuck on me, stuck on you

I, I cannot pretend
I will not surrender these dreams in my head
(Asleep I lie)
I, I will not disguise
They cannot cover the stars in my eyes
(Asleep I lie)

All the things they're telling me
Make me wanna up and leave
But I'm not sure that now's the time
And I'm not sure of anything

But even if I crossed the line
At least I'm being true to life
It's me out with the stars tonight
It's me out with the stars tonight

I, I cannot pretend
I will not surrender these dreams in my head
I, I will not disguise
They cannot cover the stars in my eyes
(Asleep I lie)

I, I cannot pretend
I will not surrender these dreams in my head
I, I will not disguise

They cannot cover the stars in my eyes
Asleep I lie
