I struggled with this pain inside, but it was too strong
You looked so catatonic, ya knew it was wrong
Destructive, tainted, heated words scraped off your
tongue
Singing wholly sinful song

If you feel the way I feel
And you want to go to Heaven for the first time
One more time
If you feel the way I feel
And you want to go to Heaven for the first time, oh

You wanna know the reason why I am the way I am
You wanna hear the truth the love the way that only I
can tell ya
You wanna hear a song that moves and hangs inside of
you
You wanna feel and see the magic that only I can sell
ya

Yeah, I'm gonna plug it in, turn it up, settle in
And turn the self indulgent matrons over belly up
I'm gonna find a way to touch you
And blow away the hate for you to feel this fallen
angel's song, oh

You wanna know the reason why I am the way I am
You wanna hear the truth the love the way that only I
can tell ya
You wanna hear a song that moves and hangs inside of
you
You wanna feel and see the magic that only I can sell
ya

My dear friends out there, standing atop the mountain
Did you find your faith in God
When you found that you were buried at the bottom
Buried at the bottom?

My dear friends, my dear friends, my dear friends,
buried

If you feel the way I feel
And you want to go to Heaven for the first time
One more time
If you feel the way I feel
And you want to go to Heaven for the first time
One more time

You wanna know the reason why I am the way I am
You wanna hear the truth the love the way that only I
can tell ya
Tell ya, tell ya, ya, ya
