And if you could make up
For every single time you lied
I'd probably whisper this
Hello, goodbye

And so it begins again
Harder each and every time
I start to reminisce
I never seem to ever find

Someone I can trust
Someone I believe
Someone who will never try
To bring me to my knees

Someday I will find again
Someone just like me
Someone who will take the time
In understanding me

And if I could make up
For every single tear you cried
I'd probably never miss
Your hand in mine

I never could understand
Mistakes I repeat again
I've been through this so many times
I never seem to ever find

Someone I can trust
Someone I believe
Someone who will never try
To bring me to my knees

Someday I will find again
Someone just like me
Someone who will take the time
In understanding me

Yeah, I've stopped searching
To take my time

And completely clear my head
Yes, I believe it was meant to be
And I feel it's time to go

Someone I can trust
Someone I believe
Someone who will never try
To bring me to my knees

Someday I will find again
Someone just like me
Someone who will take the time
In understanding me

And never leave
And never scream
Someone who believes
Never lies to me
And would die for me
