"Where the Pain Begins"

You are strong, when I am weak
Silence when we speak
And darkness cries
We're running just to crawl

Had enough, stop now, had enough, had enough now
Just don't go
Had enough, to have enough
And it's taking over me

I can see the shame in your eyes (In my mind)
I can feel the rain from the sky (Letting go)
I can hear you inside your mind (In my mind)
Where the pain begins

Can't explain away what seems to fail
Reaching out to pull away, with every tear still falling
Running just to crawl

Had enough, stop now, had enough, had enough now
Just don't go
Had enough, to have enough

And it's taking over me

I can see the shame in your eyes (In my mind)
I can feel the rain from the sky (Letting go)
I can hear you inside your mind (In my mind)
Where the pain begins

I've had enough X2 (Had enough, stop now)

Stop now

I can see the shame in your eyes (In my mind)
I can feel the rain from the sky (Letting go)
I can hear you inside your mind (In my mind)
Where the pain begins

(It's in my mind) Where the pain begins
(It's in my mind) Where the pain begins
