12/31/99. Well into the "Age of Aquarius".
Will humanity correct its wrongs or is it the last light
into a vast reign of darkness? Set into motion, slowly
unmasked.
One transforms into the other. Rights stripped into
nonexistence. Until shackles lock together.
A labyrinth of plots within plans. Devised for global
depopulation.
Eaters breed eaters no longer, no longer soon.
Introduced to be transmitted from one to one.
Germ warfare and death camps, the harbingers
of mass annihilation. Behind it false gods view
themselves as divine.

Morality dismantled through time. Behind it false gods
view themselves as divine. Morality dismantled through
time.
To perpetrators, merely numbers unfit to be slaves.
Corpses to
be bulldozed into mass graves. Has the death rate
solution begun?
A labyrinth of plots within plans. Devised for global
depopulation. Eaters breed eaters no longer, no longer
soon.
Introduced to be transmitted from one to one. Germ
warfare and
death camps, the harbingers of mass annihilation.
Has the death rate solution begun?
