Can feel it sleeping deep inside my brain
On hairtrigger setup
To trip off my nerves are pulled taught as wire

There's not a real reason
For the disrespect cast down as I climb out
Content to believe the lies
So eager to spread them on without a care

Don't know what I've survived
Don't care about the ones I've saved
Can't deny me my due credit
Can't make me the hate object, cannot stop me

Can feel it sleeping deep inside my brain
On hairtrigger setup
To trip off my nerves are pulled taught as wire

Don't know what I've survived
Don't care about the ones I've saved
Can't deny me my due credit
Can't make me the hate object

Not one real reason
For the disrespect cast down as I climb out
Content to believe the lies
So eager to spread them on without a care

Won't throw myself away on a fool
Declared my laws, I live by my own rules
Time will show their antics never mattered
When the walls they built up are left shattered

Not one real reason
For the disrespect cast down as I climb out
Content to believe the lies
So eager to spread them on without a care

Don't know what I've survived
Don't care about the ones I've saved
Can't deny me my due credit
Can't make me the hate object

Cannot stop me
Cannot stop me
Cannot stop me

Cannot stop me
Cannot stop me
Cannot stop me
