Deterioration accelerates  
My kin a prisoner  
Now the reaper  
awaits  
A demon encased  
Inside of human skin  
A profiteer that feeds  
A plague  
of addiction  
There's no option, There's no recourse  
There's no other  
way  
Every meth lab burned  
To ashes  
Every meth lab burned  
Crimson  
flames  
Against the darkened sky  
The ultimate act of intervention  
No other  
option left but to retaliate  
Drawn to attack the source  
The origin  
eradicated  
Confronted with reptilian coldness  
If not from me  
Then someone  
else will sell this  
Never accept that this  
Is just an act of fate  
The angers  
boiling down  
Into absolute hate  
Crimson flames  
Against the darkened sky  
The  
ultimate act of intervention  
No other option left but to retaliate  
Drawn to  
attack the source  
The origin eradicated

Doused and set ablaze  
Scales of  
justice raised  
Every meth lab burned  
Crimson flames  
Against the darkened  
sky  
The ultimate act of intervention  
No other option left but to  
retaliate  
Drawn to attack the source  
The origin eradicated
