It's all in the way  
That you call out my name  
In the night just to say  
That you love me, baby  
It's all in the way  
That you touch and erase me  
Makes me go crazy  
I'm in love  
I'm here for you  
You're here for me  
Simple as it seems  
Because my love  
Will listen be the truth  
The good in me is you  
And if you need some proof  
Just look in my eyes and I'll tell you one more time  
It's all in the way  
That you call out my name  
In the night just to say  
That you love me, baby  
It's all in the way  
That you touch and erase me  
It makes me go crazy  
I'm in love  
Let me break it down clearly  
Babe, if for some reason can't feel me  
Let me tune you into my life  
'Cause if you understand what you do to me  
You'll never have a reason to leave  
Baby, don't you know  
It's you, me  
All about real love  
It's all in the way, you, me  
All about real love  
My thoughts are replaced by your lovely face  
And the spirit that you bring I just can't erase  
The love that we have is like Amazing Grace  
How sweet it is in your way  
My thoughts are replaced by your lovely face  
And the spirit that you bring I just can't erase  
The love that we have is like Amazing Grace  
How sweet it is in your way

You got my lovin' in the way  
My heart and soul in the way  
My love unfolds in the way  
Look into my eyes and I'll tell you one more time  
It's all in the way  
That you call out my name  
In the night just to say  
That you love me, baby  
It's all in the way  
That you touch and erase me  
Makes me go crazy  
I'm in love  
My thoughts are replaced by your lovely face  
And the spirit that you bring I just can't erase  
The love that we have is like Amazing Grace  
How sweet it is in your way  
My thoughts are replaced by your lovely face  
And the spirit that you bring I just can't erase  
The love that we have is like Amazing Grace  
How sweet it is  
It's you, me  
All about real love  
It's all in the way, you, me  
All about real love  
It's all in the way  
Hoo, hoo, hoo  
Hoo, hoo, hoo  
Hoo, hoo, hoo  
Hoo, hoo, hoo
