I gave you my all from the start  
Every piece of my heart  
Making incredible love to you  
Growing so close everyday  
I never thought that you would go away  
But after all the love we made, I'll

Betcha' come looking for me  
'Cause girl you know I really love you  
Betcha' come looking for me  
'Cause I know just how to satisfy you  
Betcha' come looking for me  
'Cause I'm the only one who can  
Love you right, give you what you need

Girl you know our love  
Was so intense the flame could not be tamed  
Every time I'd make you call my name  
And all the magical moments so sweet  
I guarantee, we will see

Betcha' come looking for me  
I betcha' come looking for me  
Betcha' come looking for me  
'Cause all the love I gave you was so sweet  
Betcha' come looking for me  
'Cause I'm the only one who

Made you cry  
Tears of joy in the heat of the moment  
Stroking you, loving you girl  
Making you scream

Betcha' come looking for me  
Betcha' come looking for me  
Betcha' come looking for me
