If I came to you and I said  
You are my desire, would it last forever  
If I tell you endlessly  
How much you mean to me  
Will you stay forever  
You and I together  
Love changes lives for better  
Dreams are made to let in  
Let's take a ride to heaven

Hold me, (hold) shine your love tonight (hold)  
Tender in the light, while we're dancing  
Hold me(hold) deep inside your heart (hold)  
I wonder in the dark

Could it be right  
Could it be right  
Could it be right  
Could it be right

You can make my life a song  
Where nothing can go wrong  
As long as we're together  
I will take away the pain  
Be your shelter from the rain  
We can hide together  
To the door you lead me  
Some how I know you need me

Could it be right  
Could it be right  
Could it be right

Could it be right

Time will take us away  
Give us reason to fight for love today  
I'll keep on pushing  
To be close to you  
I wanna hear you say

Could it be right

Could it be right  
Could it be right  
Could it be right

Hold me, shine your love tonight  
Tender in the light, while we're dancing  
Hold me, deep inside your heart  
I wonder in the dark  
Could it be right

Hold me, shine your love tonight  
Tender in the light, while we're dancing  
Hold me, deep inside your heart  
I wonder in the dark  
Could it be right

Hold me, deep inside your heart  
I wonder in the dark  
Could it be right
