Your love, divine, your love, divine
Your love, your love's divine, your love
Your love, your love's divine, your love

You're a mystery, you're a true work of art
Like an answered prayer, like a light in the dark
Ooh, I'm in ecstasy when you're next to me
It's the closest thing to heaven, I could be

Tell me everything about you
Wanna get into your mind
Gotta be forever rain or shine
Because you're divine

Girl, the way you know you make my sun shine
From the shadows you can make the moon climb
Ooh, the way you're loving me is so divine

Your love, your love's divine, your love
D I V I N E
Your love, your love's divine, your love
Just wanna tell you everything baby

I'm remembering how the night was so clear
You were whispering, "I'm so glad that you're here"
I've always heard that a love makes a man feel bliss
But I never dreamed that I could feel like this

Everything about you, baby
Got the full effect on me
Never seen a woman made
So perfectly

You must be divine
Girl, the way you know you make my sun shine
From the shadows you can make the moon climb
Ooh, the way you're loving me, you're right on time

Divine
Something that these words could never describe
How I feel about you day and night time
Everything you do I said is so divine

Baby, here in my arms let the night linger on
'Cause the magic of love is ours tonight
Givin' strength to my life 'cause the lovin' is right
Tell me are you an angel, baby

The way you make me
The way you make me feel
The way you make me
The way you, the way you make me feel

Divine, divine
Girl, the way you know you make my sunshine
From the shadows you can make the moon climb
Ooh, the way you're loving me is, girl, you're so divine

Divine
Something that these words could never describe
How I feel about you day and night time
Everything you do I said is, girl, you're so divine

Your love, your love's divine, your love
Your love, your love's divine, your love
Your love, your love's divine, your love

Divine
Something that these words could never describe
How I feel about you day and night time
Everything you do, I said is, girl, your so divine
