Where, do you go, when you're lost  
Is it up, is it down, is it here  
And what, do you see, in the dark  
Is it real, is it me, are you scared

Do you believe in yourself  
Are you good, are you bad, are you there  
And can you confess to the morning light  
And be true, what to do

When it's you, feelin' blue  
When it's you, feelin' blue

Tell me the truth, if you can  
Do you know, who you are in a dream  
Do you forget, when you open your eyes  
And you lose, what to do

When it's you, feelin' blue  
When it's you, feelin' blue

Do you believe in yourself  
Are you good, are you bad, are you there  
Just leave it alone, let it go  
Will you see, will you wait, has it gone

Then why, do you sleep in your chair  
No there's not much to do

When it's you, feelin' blue  
When it's you, feelin' blue  
You, feelin' blue  
When it's you, feelin' blue, ooh, ooh
