So you say you tried But you just can't find the pleasure People around you givin' you pressure Try to resist all the hurt that's all Around you If you taste it, it will haunt you

So come, take me by the hand, We'll leave this troubled land I know we can, I know we can, I know we can, I know we can Getaway

Watch for the signs That lead in the right direction Not to heed them is a bad reflection They'll show you the way Into what you have been seeking To ignore them you're only cheating

So come, take me by the hand, We'll leave this troubled land I know we can getaway Getaway

Lay awake every night Till the sun comes up in the morning Nothing exciting, it all seems boring Make up your mind which way to go about it To your road, you just don't doubt it.

So come, take me by the hand, We'll leave this troubled land I know we can, I know we can, I know we can, I know we can Getaway
