"Help Somebody"

No man should have face
His problems alone, alone, alone
Reach out and help the weak man
Make him strong, strong, strong

Now, now, now I want to help somebody
I'd like to help you, you, you
Now don't that make you want to
Help somebody too, too, too

The love you give
Might help somebody live
So give up yourself
Go out and help somebody else

Your helping hand
Will make you a better man
Do wah, do way
Let love prevail

Reach out your hand and help somebody
Reach out your hand and help somebody

If we all stand together
We'll all stand tall, tall, tall
We wouldn't let each other
Tumble and fall, fall, fall

Now let's reach down together
And lift somebody up, up, up
Give a little love and kindness
It won't take much, much, much, oh no

The love you give
Might help somebody live
So give up yourself
Go out and help somebody else

Your helping hand
Will make you a better man
Do wah, do way
Let love prevail

Reach out your hand and help somebody
Reach out your hand and help somebody
Reach out your hand and help somebody
Reach out your hand and help somebody today

Reach out your hand
Reach out your hand
Reach out your hand and help somebody
Reach out your hand and help somebody today

Reach out your hand
Reach out your hand
Reach out your hand and help somebody
Reach out your hand and help somebody today
