(feat. Will.I.Am)

Party people, let's get together, have a party

To all of my lovely people
Step to the floor and disco
We're playing your song so let's go
Come gather round, let's get down

Let your backcone slip so let loose
You know this funk is full proof
Grab a cup of the soul juice
Come gather round, let's get down

La, la, la, la, la, la, la, la, la
Lovely people, lovely people
La, la, la, la, la, la, la, la, la
Lovely people, lovely people

To all of my lovely people
Who really can't keep a tempo
Try this groove it's simple
Left right step let's get down

Gonna have a good time
Pay the negativity no mind
Get into let your soul shine
Come on everybody let's get down

La, la, la, la, la, la, la, la, la
Lovely people, lovely people
La, la, la, la, la, la, la, la, la
Lovely people, lovely people

Ooh, let's have a party, call everybody
Let's have a good time
Party people, let's get together, have a party

Jump up, freak or hustle
Do what you want just move every muscle
Ain't no need for standin' around

There's only one thing to do when you hear that sound

And that's freak, freak
Get a little live and then jump, jump
You know you really want to
Get down, down with EWF
When the horn comes in
You know you like that sound
It goes...

Party people, let's have a good time, let's have a party
Party people, let's get together, have a party
(Take it back to Africa on this)

La, la, la, la, la, la, la, la, la
La, la, la, la, la, la, la, la, la

Let's have a party, everybody
Let's have a good time
Everybody, let's come together, have a party

La, la, la, la, la, la, la, la, la
Lovely people, lovely people
La, la, la, la, la, la, la, la, la
Lovely people, lovely people

La, la, la, la, la, la, la, la, la
La, la, la, la, la, la, la, la, la
