Won't you come with me? Baby can't you see?
Too bad hearts agree
Sincerely I can say, our love will never stray
'Cause I love you everyday
Don't you wanna be my?

Here we are, just who we are
Chances are we'll be the stars
Reflection in each other's eyes
Image of where our love will rise

Making up for time we lost
You and I have paid the cost
Time we spent away so long
Seeking out the right from wrong

Be my love, baby, my love
My love baby, be my love
And we know it's for sure in the night
Won't you be my love?

Won't you come with me?
Baby can't you see?
Sincerely I can say
Our love will never stray
Don't you wanna be my?

Seven nights and seven suns
Spreads the time it all begun
Baby please look in my eyes
End this doubt I have inside

I can teach you wonders of
Life and love and all it does
But show me how to give to you
Love that which makes your dream come true

Be my love, baby, my love
My love baby, be my love
And we know it's for sure in the night
Won't you be my love?

Baby, maybe tonight
Oh baby, maybe tonight
Baby, maybe tonight
Oh baby, maybe tonight

You've got to be my love
You've got to be maybe tonight
You've got to be my love
You've got to be maybe tonight
You've got to be my love
You've got to be maybe tonight
You've got to be my love
Don't you wanna be my lover, lover?

Don't you wanna be my
You bring my love, bring my love, bring my love around
You bring my love, bring my love, bring my love around
Maybe tonight, maybe tonight
