Somewhere in time there's a light that will someday
Be a sign, for mankind
Behind the veil of our minds if we open up
Our eyes we will find you and I...

Don't waste you time
With one of her kind
Were the words so sublime
Not being said
But to resign
What the heart and mind
Would no longer deny
Was a cause for dread

Come the day you awake to discover
That this day did not come for some other

Lies and hate
One day you'll find

Love - she waits
Don't you dismay
Someday you'll find
Love - she waits

Sure as sunlight brings an end to night
It can only be right
To begin again

Come the day you awake to discover
That this day did not come for some other

Life and faith
Someday you'll find
Love - she waits
Why not make haste
For beyond the clouds
Love - she waits
