(feat. Raphael Saadiq)

[Maurice on phone]

Hey Raphael, this is Maurice callin'.
Just callin' to find out what time you
Wanna get together today with the horns

[Maurice]

See I don't want to come out too confident,
I've travelled many roads but not quite as smooth as
this,
'Cause you, are picturesque like the morning sun,
So close I think I can touch you, yet the distance is so
far

[Raphael]

And I, am open wide and vulnerable,
Wherever you wanna take me girl, I'm so down to go,

Just show me, yeah (show me the way to your heart),
I won't let go,
I promise to protect you, life's taught me many
lessons,
Just show me, yeah (show me the way to your heart),
I won't let go,
These feelings I'm possessing can't never be
neglected

[Maurice]

Time don't exist when I'm with you,
I lose myself in wondering if you feel it too,
'Cause I feel like dancing on the moon,
Everytime I look down, I see the light in you, yeah

[Raphael]

And you, you, are like the missing part of me,
I never knew that I was hollow until you filled me,
And girl, I'm closing my eyes, now take my hand,
And lead me to the part of you that made me a better
man

And to show me, yeah (show me the way to your heart),
I won't let go,
I promise to protect you, life's taught me many lessons,
Girl show me, yeah (show me the way to your heart),
I won't let go,
These feelings I'm possessing can't never be
neglected

Just show me, yeaaah

[Raphael spoken, over EWF backing vocals]
You see love just happened to be a beautiful thing,
And you see, some choose to disagree,
And some choose to look the other way,
Love is a divine power,
Sing along with Maurice y'all, come on

[Maurice]
Oh ooh oh, (show me the way to your heart), oh ooh oh,

[Raphael]
Baby, your love is so precious to me, child

[Maurice]
Oh ooh oh, (show me the way to your heart), oh ooh oh,

[Raphael]
Baby, the heavens leased your soul to me, child
If you can find a place (show me the way to your heart)
Somewhere in your heart baby,
Come on baby, come on baby,
Your love is so precious to me,
I feel the time is here (show me the way to your heart)
Show me your biggest heart baby,
Come on lady, come on lady,
(Your love is so precious to me)

Show me the love, the mystery,
Take me back to honesty,
I need to feel your light so we can love in harmony,
Show me the light, your brightest star,
Gimme your hand, let's make the dance,
The heart can feel the emotion we can both see love
grow,
Show me your love

[Philip Bailey backing vocals with music]

Show me your love
Show me the love, the mystery,
Take me back to honesty,

I need to feel your light so we can love in harmony,
Show me the light, your brightest star,
Gimme your hand, let's make the dance,
The heart can feel the emotion, we can both see love
grow,
Show me your love...
