Here we go

I will be your Super Hero  
But you must understand  
If I'm to be your Super Hero  
You must give me half a chance

I am born unto poverty and fear  
I am scorned yet I hold back my tears  
There's so much I can and will and want to do  
But I cannot until I get through to you

I will be your Super Hero  
But you must understand  
If I'm to be your Super Hero  
You must give me half a chance

I am lucky if I learn to read and write  
Where I live you must first learn to stand and fight  
I'm the product of the system, I'm aware  
What's my name, don't matter, nobody cares

I will be your Super Hero  
But you must understand  
If I'm to be your Super Hero  
You must give me half a chance  
Listen to my band

I understand you need me  
If you ever go to war  
But I don't understand if I buy the goods  
Why I can't own the store  
Don't tell me that I am not worthy  
After 400 years overtime

If it's yours then why can't it be mine  
I am just as good as you or any kind  
And there's so much I can and will and want to do  
But I cannot until I get through to you

I will be your Super Hero  
But you must understand

If I'm to be your Super Hero  
You must give me half a chance  
Listen to my band

Give us what you give your brothers  
Then you'll understand  
That I won't be your Super Hero  
Until you give us all you can now, now

I will be your Super Hero  
But you must understand  
If I'm to be your Super Hero  
You must give me half a chance

I will be your Super Hero  
But you must understand  
If I'm to be your Super Hero  
You must give me half a chance
