Girl, there is an open door
Feeling you haven't explored
You're awake through the night
I wanna be there just to hold you so tight

Can't wait one minute more
This longin' for you can't be ignored
Am I movin' too fast?
I wanna be there to console you

I'll take you to heaven tonight
Make you feel you like paradise
Like a woman should feel
I'll do you right if it takes all night
Take you to heaven

You wanna to trust in, trust in love one more time
You caution your heart
Let your mind believe in me
I'd never do nothing to hurt you, baby

I'll take you to heaven tonight
Make you feel you like paradise
Like a woman should feel
I'll do you right if it takes all night
Take you to heaven

Can't sleep, can't eat, I can't breathe, ooh wee
I need you right here with me, baby
'Cause with you in my life
I tell ya that it's sheer ecstasy

I'll take you to heaven tonight
Make you feel you like paradise
Like a woman should feel
I'll do you right if it takes all night
Take you to heaven

Can I take you to heaven tonight?
Make you feel you like paradise
Like a woman should feel
I'll do you right if it takes all night

Ooh, I'm feeling you girl so strong
How could anything be so wrong?
There's nothing that I won't do
Just to take you to heaven

Ooh, I'm feeling you girl so strong
How could anything be so wrong?
There's nothing that I won't do
Just to take you to heaven
