

Earth, Wind & Fire "The Changing Times"

Visit "[The Changing Times](#)" on MotoLyrics.com

As you discover changing times
You must have the strength to endure
(Changing times, changing times, oh)
Yeah, yeah, yeah, yeah
(Changing times, changing)

As you discover changing world
You can't be guessing, you must be for sure
(Changing times, changing times, oh)
Yeah, yeah, yeah, yeah
(Changing times)

In these ever changing times
You must learn to stand on your own
(If we learn to, as we learn to grow)
Yeah, yeah, yeah, yeah, yeah, oh
(If we learn to, as we learn to grow)

Life has so much to show you
You must be ready for the new
Space on the strife, fix up your life
Space on the strife, make up your life

As you discover changing times
It's not so bad as you will find
(Changing times, changing times, oh)
(Changing times)

As you discover changing world
A new direction, you must keep in mind
(Changing times, changing times, oh)
Changing, yeah, yeah, oh
(Changing times, changing)

Life has so much to show you
You must be ready for the new
Space on the strife, space on the strife
Fix up your life, up your life
Space on the strife, space on the strife
Fix up your life

We go through so many changes

As we learn to, as we learn to grow
As we learn to grow

As we learn to, as we learn to grow
As we learn to, as we learn to grow
(Changing times, changing times, oh)
(Changing times, changing)

As we learn to, as we learn to grow
As we learn to, as we learn to grow
As we learn to, as we learn to grow
As we learn to, as we learn to grow
(Changing times, changing times)
(Changing times)

As we learn to, as we learn to grow
As we learn to, as we learn to grow
As we learn to, as we learn to grow
(Changing times, changing times, oh)
(Changing times, changing)
As we learn to, as we learn to grow

As we learn to, as we learn to grow
As we learn to, as we learn to grow
As we learn to, as we learn to grow
(Changing times, changing times, oh)
(Changing times, changing)

As we learn to, as we learn to grow
As we learn to, as we learn to grow
As we learn to, as we learn to grow
As we learn to, as we learn to grow
(Changing times, changing times)
(Changing times)

As we learn to, as we learn to grow
As we learn to, as we learn to grow
As we learn to, as we learn to grow
As we learn to, as we learn to grow
As we learn to, as we learn to grow
