When love goes wrong, nothing goes right  
Days last so long, long, long, long, long  
Makes lonely nights

It's a moonlight sky, a hot July, a rainy day in August  
Well, it doesn't matter where you are, everything is  
magic  
Ain't it strange that love can make you feel  
Like you're floating on air

You can see some good in everyone anywhere  
You least expect the pain, here comes the rain  
That's the mystery of change, that no one knows

When love goes wrong, nothing goes right  
Days last so long, long, long, long, long  
Makes lonely nights  
When love, when love goes wrong

It's chill you feel, when sex appeals pounding you like  
thunder  
When that someone's there to pull you in, it's in the  
spell you're under  
Ain't it strange that love can make you feel  
Like you're floating on air

You can see some good in everyone anywhere  
Well, it doesn't matter who or what ya going through  
If your table's turn on you, oh then you will know how

When love goes wrong, nothing goes right  
Days last so long, long, long, long, long  
Makes lonely nights  
When love, when love goes wrong

So, if you've got someone to love  
Love them while you can  
If you got someone to hold, don't give it away

When love goes wrong, nothing goes right  
Days last so long, long, long, long, long  
Makes lonely nights

When love goes wrong, you fall apart  
Try as you might, a broken heart

When love goes wrong, nothing goes right  
Days last so long, long, long, long, long  
Makes lonely nights  
When love goes wrong
