With all my heart I'm loving you, you're loving me too
Yes this is true. Yes it's true
All that we do is between me and you
I'll keep loving you

And everyday I'm trusting you for all that you do
Yes this is true. Yes it's true
All that you say between us will stay
You'll be with me always

There is a tie that binds so strong that I can't let it go
There is a love so strong it keeps me holding on

I believe you always knew that I can't live without you
Yes this is true. Yes it's true
I'd toss in my sleep, cry endlessly
If you couldn't be with me

It's beyond me to repay you, I will serenade you
Yes this is true. Yes it's true
This song's for you. It belongs to you
I'll be loving you

There is a tie that binds so strong that I can't let it go
There is a love so strong it keeps me holding on

Love divine, Love divine.
I am yours. You are mine.
Forever more. For a lifetime
I'll be loving you. Loving you

There is a tie that binds so strong that I can't let it go
There is a love so strong it keeps me holding on

With all my heart I'm loving you, you're loving me too
Yes this is true. Yes it's true
All that we do is between me and you
I'll keep loving you
